Debate Me!

*Make friends and engage in intellectual
debates!*

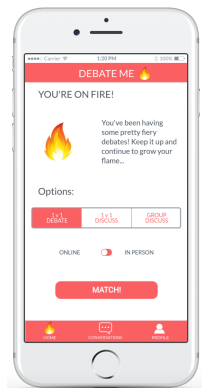

Make It Yours!

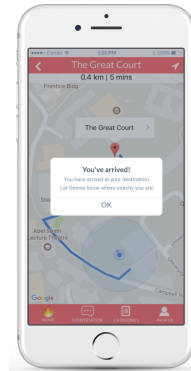

Get started by creating your unique profile! Pick your interests and you're ready to go! Did you know most your friendships are formed due to similar interests?

Customize Your Experience

This is your experience. Choose how you want to debate. Here you can choose 1v1 debate or if you're not feeling a debate, 1v1 discussion including a group discussion. You also have the option to debate someone online or in person!

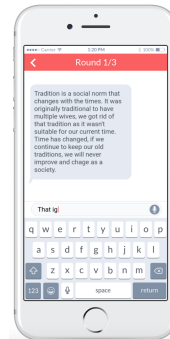

Debate in Person!

Meet Your Peers Face to Face!

This is how a debate is meant to be! Meet your fellow students at university with a GPS to guide you to your location and talk about the things you're interested in! It's a great way of meeting new people and making friends!

Debate Online!

Not at University? Debate Online!

We have developed a chat system for you to debate from the comfort of your own home. Go back and forth in a 3 round debate. Having fun? No problem! You can extend the debate after the 3 rounds. Not feeling like a debate? Have a simple chat about the topic or even go off topic. The opportunities are endless!

Our Goal

- Develop communication skills
- Help students meet new people
- Get you out of your comfort zone!

Reviews from Users!

"When I was a first year, I was overwhelmed with the amount of people at uni. This app could really help people like me"- Caroline

"This app could really help students develop important life skills beyond university" – Neil

"It is a unique idea. Social media has a lot of hate so this app does provide a platform to voice your opinion" – John
